DOMESTIC QUARANTINE NOTICES

WHITE-PINE BLISTER RUST

ADMINISTRATIVE INSTRUCTIONS DESIGNATING CONTROL AREAS

Introductory Note

These revised administrative instructions designate the States or parts of States into which the interstate movement of gooseberry and currant plants is prohibited or into which, with the exception of European black currants, they may be moved only when accompanied by control-area permits. These are the areas in which five-leaved pine is protected from infection with the white-pine blister rust disease, which is spread by gooseberry and currant plants, by removal of such plants in the vicinities of pine stands. The purposes of this revision are (1) to remove from control areas, thus lifting the requirement for control-area permits for interstate shipments of gooseberry and currant plants to shipping points therein, two townships in Sullivan County, New York, and to designate as control areas the shipping points in the townships of Deerpark, Orange County, and Shandaken, Ulster County, New York; (2) to add several shipping points to the designated control areas in Ohio; and (3) to make minor changes in the text and lists of shipping points for clarity and accuracy.

On April 5, 1950, there was published in the Federal Register (15 F.R. 1913), a notice of proposed rule making concerning a revision of administrative instructions relating to control areas (7 CFR 301.63-3a). After due consideration of all relevant matters presented and pursuant to the authority conferred upon the Chief of the Bureau of Entomology and Plant Quarantine by § 301.63-3 of the regulations supplemental to the white-pine blister rust quarantine (7 CFR 301.63-3), under section 8 of the Plant Quarantine Act of 1912, as amended (7 U.S.C. 161), administrative instructions are hereby adopted as follows:

§ 301.63-3 Administrative instructions designating control areas. The States of California, Connecticut, Delaware, Georgia, Idaho, Maine, Maryland, Massachusetts, Michigan, Minnesota, Montana, New Hampshire, New Jersey, New York, North Carolina, Ohio, Oregon, Pennsylvania, Rhode Island, Tennessee, Vermont, Virginia, Washington, West Virginia, and Wisconsin are hereby designated in part or in their entirety as control areas, and the interstate movement to such control areas of gooseberry and currant plants, cuttings, and seeds is prohibited or regulated as provided hereinafter for each such State or part thereof.

CALIFORNIA.--European black currant plants may not be moved interstate to any destination in California.

GPO—O—ENT 46

Gooseberry and currant plants, other than European black currants, may be moved interstate without restriction into California, except that their interstate movement is prohibited to the following shipping points:

SHIPPING POINTS IN CALIFORNIA TO WHICH MOVEMENT OF ALL GOOSEBERRY AND CURRANT PLANTS IS PROHIBITED

Alta	Georgetown

CONNECTICUT.--European black currant plants may not be moved interstate to any destination in Connecticut.

Gooseberry and currant plants, other than European black currants, may not be moved interstate to any destination in Connecticut unless accompanied by control-area permits secured from the State Entomologist, Box 1106, New Haven 4, Conn. Control-area permits will not be issued for planting within infective distances of protected pine.

DELAWARE.--European black currant plants may not be moved interstate to any destination in Delaware.

Gooseberry and currant plants, other than European black currants, may not be moved interstate to any destination in Delaware unless accompanied by control-area permits secured from the Plant Pathologist, State Board of Agriculture, Newark, Del. Control-area permits will not be issued for planting within infective distances of protected pine.

GEORGIA.--European black currant plants may not be moved interstate to any destination in Georgia.

Gooseberry and currant plants, other than European black currants, may be moved interstate without restriction into Georgia, except that their interstate movement is prohibited to the following shipping points:

WISCONSIN.--European black currant plants may not be moved interstate to any destination in Wisconsin.

Gooseberry and currant plants, other than European black currants, may be moved interstate without restriction into Wisconsin, except that they may be moved interstate to shipping points in the counties listed below only

when accompanied by control-area permits secured from the State Entomologist, State Capitol, Madison 2, Wis. Control-area permits will not be issued for planting within infective distances of protected pine.

COUNTIES IN WISCONSIN FOR WHICH CONTROL-AREA PERMITS ARE REQUIRED

Adams	Forest	Portage
Ashland	Iron	Price
Barron	Jackson	Rusk
Bayfield	Juneau	Saint Croix
Burnett	Langlade	Sawyer
Chippewa	Lincoln	Shawano
Clark	Marathon	Taylor
Door	Marinette	Vilas
Douglas	Monroe	Washburn
Dunn	Oconto	Waupaca
Eau Claire	Oneida	Waushara
Florence	Polk	Wood

REGULATED ARTICLES NOT AFFECTED BY THESE INSTRUCTIONS

(1) Movement of five-leaved pines.--As provided in § 301.63-5 (a), five-leaved pines may be moved interstate without restriction between the noninfected States of Arizona, Colorado, Georgia, Kentucky, Nevada, New Mexico, South Carolina, Tennessee, Utah, and the noninfected part of California comprised of the counties of Calaveras, Contra Costa, Mono, San Francisco, San Joaquin, Tuolumne, and all those south thereof. Five-leaved pines may not be moved interstate into these areas from any other part of the United States except when intended for reforestation purposes, when they have been grown in a nursery protected from blister rust infection, and when accompanied by a white-pine certificate issued for such movement by the Bureau of Entomology and Plant Quarantine.

There are no restrictions on the interstate movement of five-leaved pines and parts thereof into or within that part of the continental United States outside of the areas described in the above paragraph, except that five-leaved pines and parts thereof when visibly infected with blister rust may not be moved interstate anywhere within the continental United States except in accordance with § 301.63-9.

(2) Movement of European black currants.--As provided in s 301.63-5 (b), European black currant plants may be moved interstate without restriction into or between the States of Alabama, Arkansas, Florida, Kansas, Louisiana, Mississippi, Missouri, Nebraska, North Dakota, Oklahoma, South Dakota, and Texas. Interstate movement of such plants into or between any other States or the District of Columbia is prohibited except in accordance with § 301.63-9.

(Sec. 8, 37 Stat. 318, as amended; 7 U. S. C. 161; 7 CFR 301.63-3)

The foregoing revised administrative instructions shall become effective on the 14th day of August 1950, and on that date shall supersede B.E.P.Q. 546, which was effective July 10, 1946 (7 CFR 301.63-3a).

Done at Washington, D. C., this 13th day of June 1950.
